Greetings in Jesus' Name!

It is a wonderful thing to be living in these days when we can see the fulfillment of Scriptures before our eyes in our generation and to be able to say, come quickly Lord Jesus.

We have not received a response to the requests and needs mentioned in our previous newsletter but they still remain and we still trust the Lord that He will provide according to His will and His timing.

Our well pump motor decided to quit and now we are in need of a 220v 1hp submersible pump again. It would much appreciated to get one quickly. If anyone would care to help, it sure would be appreciated very much.

We will be hearing from one of our young men this month. He is going to speak for his first time and it will be an interesting time. As normal, he is a bit fearful but I believe he will do well. I think his parents are more nervous for him than he is himself.

We have had the privilege to see many people come to the saving knowledge in the Lord Jesus Christ, and we are very thankful. To see them grow in the knowledge of the Word of God is one of the greatest joys I have experienced over the years of laboring in the Lord's work here in Mexico. We have seen, more than we care to mention, those that grow like weeds and scrubs but there are some that grow deep roots in the Word of God and are becoming strong fruit bearing trees. Seeing this, it makes all our labors worth it all!

I ask that you pray for one of the ladies (Consuelo) because she broke her ankle. She is one of those trees. She accepted the Lord Jesus in our early ministry and she has grown strong and fruitful but now she is fighting to keep her foot because the doctors are talking about the possibility of removing her foot. When you talk to Jesus, I ask that you mention her to Him.

I trust that Tim (our son) will be back in the work soon. With the economy not in the best of shape, I understand that it is very difficult raising support, but he needs more support in a very serious way. Since his two oldest sons (Simon and Samuel) are enrolled in college preparatory courses here in Mexico, they are not able to travel with him and that means added stress being separated from them. If serving the Lord on a foreign field was easy, stress free, and not filled with many hardships, many more would be lined up to sign up to go.

Thank you for your faithful financial and prayerful support to and for us. Through you, we are able to continually serve the Lord in Mexico.
