

FOLLOWING THE FRIDENSTINES

Saved | Baptized | Discipled

WCBC El Salvador

We had two sets of WCBC El Salvador classes this summer - in June with Brother Spaeth and then in July with Brother England. We then represented WCBC in a national conference here in Cojutepeque and have prospects for about more 50 students in the upcoming classes.

Busy, packed, amazing summer

While you all called it summer there in the States, we called it busy, rainy season here in El Salvador. God was working and doing great things in our midst. We praise HIM for allowing us to be in HIS service.

Fifth Anniversary Sunday and Revival Services

The end of June, the Emmanuel Baptist Church celebrated its fifth anniversary and we are so happy to have been here for three of those five years. We had 190 in attendance and there was and is a great spirit of growth in the people. That Sunday kicked off our first Revival Meeting with Missionary Matt Goins from Honduras. We saw two precious souls come to know Christ as Saviour during these special services.

Visitors

We also had the privilege to have State-side visitors here in our ministry. We had Pastor Jon Stone and a group from his church with us. They were a HUGE blessing to our ministry and our family. We also had Daniel Shedd with us for the last month. He was a tremendous blessing. We are excited about what God is going to do in and through his life in Central America.

Couple's Conference

The first weekend of August we hosted a couple's conference to help marriages in our church. Brother Toby and Brandy England were our guest speakers and we had 20 couples from our church and about 12 national pastors and couples from their churches. It was a blessing to see them having fun and growing together in "amore."

Family Time

We were able to get away for a couple days as a family to have some R&R time and plan for the rest of 2014 and into 2015. It was very refreshing and fun.

Police Ministry

I got to minister to the police for the first time here in Cojutepeque with a meal, gifts, and lesson of encouragement. Excited for future opportunities with these needy servants.

New Baptistery

The first week of July, we were busy planning our upcoming baptism service for the end of the month and realized how expensive it was to take everyone to the lake - especially with how our church has grown in the last six months. I met with the men and we decided that it would be better to just build a new baptistery for just a little over the price to rent the vehicles and buy the food to take everyone to the lake. So in the next two weeks we did just that. The last week of July, we baptized four and have the ability to follow the Great Commission in any and all services now.

Discipleship

We had another couple finish up discipleship and they are serving faithfully as up-coming leaders in our church. There are currently ten other individuals in our discipleship program as well. Our plate is full with so many more that need to be taught, trained, and grounded in the Word of God. We will not run out of work to do!!

Thank you for your faithfulness in prayer and support for us. Fruit is being added to your account. Please be in prayer for more souls, continued growth, building projects, and much wisdom in this fall season of ministry. God bless.
