Dear Prayer Partners and Supporters,

What an eventful past few months it has been! In December, we had our parents here with us and we were able to complete our very first translation project (a missional devotion). This was very exciting for us as we tested out the waters of how well everything would be done. We were blown away by the quality of both the translation work and the printing of the books. We are currently underway translating our second book that will deal with discipleship. We have started relatively small with these books and we will be moving into full Bible commentaries in the future. Of course, this will take time and money. If you would like to be involved in helping with this or have questions regarding this please contact my father at: [jrobvity@gmail.com](mailto:jrobvity@gmail.com).

In the beginning of January we moved locations of Grace Baptist Church Chattarpur to a better location with more visibility. It is a better space with an office upstairs that we can meet for Bible classes. We are currently having some work done inside and trying to get ready for a re-launch at the end of March.

We have been working at building our relationships with the families of those that come to our church. Please help us pray for these dear people that they will come to church and also that they may be saved.

**We are back in the states right now trying to get some paperwork fixed. We arrived on the 28th of Jan. We ask for your prayers in this, as it has been several years since we applied for our visas. If everything goes well, we should be able to get a 10 year visa this time and will not have to leave India every 6 months. Everything is fine, it is just that when we arrived 3 years ago, we knew we would have to change our paperwork, not only for us, but also for others that plan to come, live, and work in India. We believe we have accomplished this and are applying for all the paperwork now. We should be back in the country around the middle of March. Help us pray that the will of God will be done in and through our lives.**

We are also planning on starting our 3rd church at the end of this year, sometime in November or December. Uttam will be the pastor of this church. He has been growing and learning for the past 2 years and if we can get him adequately prepared, we will go forward. I want to set him up for success, not failure.

One good thing about us being gone is that there are 2 Indians pastoring both our churches. They are good men, who love Jesus and desire to see their country reached for Christ. Please pray for both these young men and the churches

Thank you so much for your prayers and support. I honestly don't know what we would do without all of your prayers. We need it as much as you do. God is working, but the devil is also fighting.
