Dear Supporters and Friends,

I have returned from my trip to Honduras and it was all that I had hoped for (and more). The trip was very productive. I had several goals for this trip. I planned to preach and teach and also to meet many of our men serving in Honduras face to face and survey their works that are going on there. I wanted to visit the Alpha & Omega Children's Home, and I also wanted to meet the mayor of Sonaguera and the Minister of Education to talk about the Honduras Bible Project that I have been heavily involved in.

I preached in ten churches there and Angi taught in 7 bible clubs. I had the privilege to preach on live television and radio. We had dozens saved while we were there. The first night in Sonaguera, I met with the mayor and minister of education and presented them each with a plaque for their involvement in mandating that every school child in Sonaguera receive a bible. I talked with them about plans to continue the project in the surrounding municipals. I also was asked to speak at the meeting that the teachers had regarding the new school year. I was able to share the gospel from the "Book of all Books" and was well received. Afterwards, the teachers shared testimonies about how the Bible Project has affected them, the classroom, the students and how it is changing their country. What a blessing it is to be involved in this project.

I was able to go into the prison in Tela, Honduras. This was a surprise because we were told that we would not be allowed to do so...**But God** ...worked it out. We were able to go in, tour the prison, give out bibles, and sing with and preach to the prisoners...Praise God! On our last full day in Honduras, we visited the A&O Children's Home and were thrilled to get to spend some time with the kids and workers there. I would love to include all the pictures from our trip but obviously cannot. If you are interested in looking at some of them, you can see them on Angi's face book page at *Angi Stowe*.

I am so thrilled that I got to spend time with many of the FBHM missionaries, who serve in Honduras. These are true men of God. Each of them are pastoring 2 and 3 churches and mission works, plus they preach on the radio and television. They are busy for the Lord and are truly doing the work. I spoke with them about their goals and their needs, they are many. I am going to **list them on the back** of this letter and I beseech you to seek the Lord about helping meet these needs. They range from small to great and each one is a true need and worthy of your help. These would be great projects for you Sunday School classes or church to take on. Please look at the [www.FBHM.org](http://www.FBHM.org) website and read their letters.

I praise the Lord for allowing me to be involved with this work, to know these men, and to help them in every way that I can. I would love to come and present the ministry and share the works with your church. If I can be of any help to you, let me know.

Thank you for your prayers, love, and support. And thanks to all those who gave to help make this trip possible!

In Christ Alone,

Chip Stowe, Director FBHM
