July 2017

Dear Friends,

It is exciting to see how the Lord is working among our churches in Southeast Asia. Pastor Jacob Pabiak from Chaung Tha, Myanmar and their congregation started out with Bible Studies on a bamboo floor. After some time of building the body of Christ and spiritual growth among the people, they began a building program.

Through great sacrifice and hard work they are nearing the completion of their church building. They were able to have services in the building this past Sunday. What blesses my heart is to know that they have not requested any additional support or offerings for this and they have built their own local church! This is why we support the pastors on the three year plan as we do; so they can lead their ministry towards becoming an indigenous ministry. Now, they are still lacking windows and doors to complete the building. I

would like to voluntarily help them complete this building as an extra blessing for their efforts. If you would like to help complete this project with them, the windows and doors total cost will be \$1200. Please memo any offerings for Burma Building.

Please continue to pray for our **land/building project in Samar with the Ampatin Family**. We have received \$1750 of the needed \$18,000. We have a \$15,000 commitment which will leave us needing \$1250 after this comes in. Our **New Beginnings Baptist Deaf Church still needs a motorcycle** and side car. That need is \$1100. I will be **returning to the Philippines in August** to teach the Book of Revelation and visit our churches. We need \$4500 by the end of July to cover the expenses of this trip. Thank you for your continued support and prayer. We ask you to continue praying about these opportunities in His work. God bless you all.

Your friends and servants,

*The Murray Family*
